## **Individual Health Plan-Part 2** For a Student with Anaphylaxis

Student	CIF	_Birthdate
**		
Known allergies		

Sta	ff Training	Person Responsible	Date
	Staff responsible for the student receives education about the student's life-threatening allergens,	responsible	
	symptoms, risk reduction procedures, emergency procedures, and how to administer an Epipen		
Classrooms:		Person Responsible	Date
	Teachers are familiar with the ECPs (Emergency Care Plan) for students in their classes and respond		
	to emergencies as defined in the ECP		
	Epipen supplied by the parent is accessible		
	Information (including ECP) about allergic students in the class to be included in the substitute		
	folder where a substitute can easily access it		
	Review lesson plans that use food or other allergy –causing substances, e.g. latex. Allergy-causing		
	foods and substances should not be used for class projects, parties, holidays and celebrations, arts,		
	crafts, science experiments, cooking, snacks, or other purposes		
	All students in the class, their parents, teachers, aides, substitutes, and volunteers are educated about		
	the risk of food allergies		
	For rewards, non-food items should be used		
	For birthday parties, consider a once-a-month celebration, with a non-food treat		
	A parent or guardian of a student with food allergies is responsible for providing classroom snacks		
	for his/her own child. These snacks are kept in a separate snack box.		
	Sharing or trading food in the classroom is prohibited		
	Proper handwashing technique by adults and children is taught and required before and after the		
	handling/ consumption of food
